

**AACR Virtual Annual Meeting - Week 1**  
**April 10-15, 2021**

To request CME credit, go to [www.aacr.org/am21planner](http://www.aacr.org/am21planner). Registrants log on using their MyAACR Credentials; click “Forgot Password?” link for assistance. In the “My Credit Cart” on top right, click “Import Sessions from Itinerary” or click the "Add to Cart" icon to the right of each CME-eligible session.

**CME Sessions: On Demand**

Session Type	Session Title	“Live” Start Time	“Live” End Time	Approved Credits	Credits Claimed
Advances in Science of Cancer Health Disparities	Precision Medicine in Underserved Populations		On Demand	1.25	
Advances in Science of Cancer Health Disparities	Carcinogenic Exposures and Global Cancer Prevention		On Demand	1.25	
Advances in Science of Cancer Health Disparities	Pan-cancer Distinctions in Tumor Biology across Ethnicity and Genetic Ancestry		On Demand	1.25	
Advances in Diagnostics and Therapeutics	Computational Methods for Immunogenomics and Precision Oncology		On Demand	1.25	
Advances in Diagnostics and Therapeutics	Targeting Transcriptional Cyclin-Dependent Kinases in Cancer		On Demand	1.25	
Advances in Diagnostics and Therapeutics	Diagnostic Tests for Immunotherapy: Current CLIA Lab Testing and Future Directions		On Demand	1.5	
Advances in Diagnostics and Therapeutics	DNA Damage Response (DDR) Treatment: Evolving Diagnostic Approaches, Understanding of Replication Stress, and Resistance Mechanisms to DDR Targeting Therapies		On Demand	1.25	
Advances in Diagnostics and Therapeutics	Hybrid Technologies for Cancer Imaging, Theranostics, and Image-Guided Interventions		On Demand	1.25	
Advances in Diagnostics and Therapeutics	Dharma Master Jiantai Advances in Lung Cancer Session: Understanding and Overcoming Resistance to Third-Generation EGFR and ALK Inhibitors		On Demand	1.25	

*Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*

Advances in Diagnostics and Therapeutics	Proton Therapy and FLASH Irradiation	On Demand	1.5	
Advances in Diagnostics and Therapeutics	Advances in Drug Delivery	On Demand	1	
Advances in Diagnostics and Therapeutics	Translational Canine Models Advancing Immunotherapy and Immunogenomics	On Demand	1.25	
Advances in Diagnostics and Therapeutics	Management of Toxicity of Immune Cell Therapy	On Demand	1.25	
Advances in Diagnostics and Therapeutics	Noninvasive Monitoring of Minimal Residual Disease with Liquid Biopsies: Towards Real-Time Treatment Decision Making	On Demand	1.25	
Advances in Organ Site Research	Therapeutic Vulnerabilities and Resistance Mechanisms in Estrogen Receptor-Positive Breast Cancer	On Demand	1.5	
Advances in Organ Site Research	Developing More Effective Treatments for Triple-Negative Breast Cancer	On Demand	1.25	
Advances in Organ Site Research	Next-Generation Treatments for Melanoma: Building on Success	On Demand	1.25	
Advances in Organ Site Research	Advances in Sarcoma Therapy	On Demand	1.25	
Advances in Organ Site Research	Pathways to Early Detection of Pancreatic Cancer	On Demand	1.25	
Advances in Organ Site Research	Therapeutic Advances in Biliary Tract Cancers	On Demand	1.25	
Advances in Organ Site Research	Emerging Concepts in Liver Cancer Research	On Demand	1.25	
Advances in Organ Site Research	Advances in Endometrial Cancer	On Demand	1.25	
Advances in Organ Site Research	Solid Tumor Brain Metastasis	On Demand	1.25	
Advances in Organ Site Research	Diffuse Large B-Cell Lymphoma	On Demand	1.25	
Advances in Organ Site Research	Targeting Signaling Pathways in Colorectal Cancer	On Demand	1.25	
Advances: Prevention, Detection, Interception	Molecular Targets of Precision Prevention and Interception	On Demand	1.5	
Advances: Prevention, Detection, Interception	Panel on Rural Cancer Control	On Demand	1.5	

*All times Eastern. Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*

Advances: Prevention, Detection, Interception	Interception of Preneoplasia	On Demand	1.25	
Advances: Prevention, Detection, Interception	Radiation-Induced Cancers and Cancer Survivorship	On Demand	1.25	
Advances: Prevention, Detection, Interception	Connecting the Tumor Microenvironment with the Macroenvironment in Cancer Cachexia	On Demand	1.25	
Awards and Lectures	AACR Gertrude B. Elion Cancer Research Award Lecture	On Demand	0.5	
Awards and Lectures	AACR-St. Baldrick's Foundation Award for Outstanding Achievement in Pediatric Cancer Research	On Demand	0.75	
Awards and Lectures	AACR Award for Lifetime Achievement in Cancer Research	On Demand	0.75	
Awards and Lectures	2021 AACR Award for Outstanding Achievement in Basic Cancer Research	On Demand	0.5	
Awards and Lectures	AACR Award for Outstanding Achievement in Chemistry in Cancer Research	On Demand	0.5	
Awards and Lectures	AACR-Cancer Research Institute Lloyd J. Old Award in Cancer Immunology	On Demand	0.75	
Awards and Lectures	AACR-Joseph H. Burchenal Award for Outstanding Achievement in Clinical Cancer Research	On Demand	0.75	
Awards and Lectures	Pezcoller Foundation-American Association for Cancer Research International Award for Extraordinary Achievement in Cancer Research	On Demand	0.5	
Awards and Lectures	AACR-Irving Weinstein Foundation Distinguished Lectureship	On Demand	0.5	
Awards and Lectures	AACR Daniel D. Von Hoff Award for Outstanding Contributions to Education and Training in Cancer Research	On Demand	0.75	
Special Session	Issues Important to Tobacco Control	On Demand	2.25	
Special Session	AACR-ASCO Joint Session: Targets in the Treatment of Renal Cell Cancer	On Demand	1.5	
Special Session	AACR-ONS Special Session: Symptom Science	On Demand	1.5	
Major Symposium	Artificial Intelligence/Machine Learning in Cancer Research and Care: Progress and Challenges	On Demand	1.75	
Major Symposium	Options and Opportunities for Treating Metastasis	On Demand	1.5	

*All times Eastern. Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*

Major Symposium	From 'Omics Data to Prognostic and Predictive Biomarkers	On Demand	1.5	
Major Symposium	Molecular Imaging	On Demand	1.5	
Major Symposium	Artificial Intelligence in Cancer Imaging	On Demand	1.5	
Major Symposium	Advances in Cancer Nanotechnology	On Demand	1.5	
Major Symposium	The Clinical Proteomic Tumor Analysis Consortium: Building a Proteogenomic Atlas of Cancer	On Demand	1.5	
Major Symposium	Next Frontiers in Adjuvant Therapy	On Demand	1.5	
Major Symposium	Developing Rational Combinations of Targeted Drugs	On Demand	1.5	
Major Symposium	Next-Generation Epigenetic Drugs	On Demand	1	
Major Symposium	Neoadjuvant Immunotherapy for Melanoma and Other Cancers	On Demand	1.75	
Major Symposium	Paracrine Signaling in Cancer	On Demand	1.25	
Major Symposium	Familial Predisposition: Precision Medicine and Targeted Therapy	On Demand	1.5	
Major Symposium	Functional Precision Medicine in Cancer	On Demand	1.5	
Major Symposium	Colorectal Cancer Interception: Immunologic and Pharmacologic Advances	On Demand	1.5	
Major Symposium	Tumor Cell Plasticity and Resistance to Cancer Therapies	On Demand	1	
Major Symposium	When Is Transforming Growth Factor Beta Targetable?	On Demand	1.5	
Major Symposium	Deubiquitylating Enzymes (DUBs) as Targets for Cancer Therapy	On Demand	1.5	
Major Symposium	Drugging KRAS	On Demand	1.5	
Major Symposium	Progress from Personalized Cancer Vaccine Trials	On Demand	1.5	

*All times Eastern. Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*

Major Symposium	T Cells in Cancer	On Demand	1.5	
Major Symposium	Dharma Master Jiantai Symposium in Biomarkers: Mechanisms and Biomarkers of Response and Resistance to Immune Therapy	On Demand	1.5	
Major Symposium	New Approaches to Chimeric Antigen Receptor Engineering	On Demand	1.5	
Major Symposium	Towards Engineering of Neoantigen-Specific T-Cell Therapies	On Demand	1.5	
Major Symposium	Germline Influence on Immunotherapy Outcomes	On Demand	1.5	
Major Symposium	Cancer Immunometabolism	On Demand	1.5	
Major Symposium	The Tumor Microbiome and Its Role in Oncogenesis and Modulating Therapy Response	On Demand	1.5	
Major Symposium	Engineering and Modulating Natural Killer (NK) Cells for Cancer Immunotherapy	On Demand	1.5	
Major Symposium	Cell-Surface Receptors in Immuno-Oncology: Discovery, Analysis, and Modulation	On Demand	1.5	
Major Symposium	Metabolism and Chromatin Deregulation in Cancer and Cancer Heterogeneity	On Demand	1.5	
Major Symposium	Alternative DNA Repair Pathways and Their Drug Targets	On Demand	1.5	
Major Symposium	The Cancer Dependency Map	On Demand	1.25	
Major Symposium	Phase Separation, Transcription, and Cancer	On Demand	1.5	
Major Symposium	Diet, Clock, and Cancer	On Demand	1.5	
Major Symposium	Tumor Hypoxia and Genetic Instability: New Mechanisms and New Targets	On Demand	1.5	
Major Symposium	Modeling Metastatic Progression in the Mouse	On Demand	1.5	
Major Symposium	Improving Therapy through Normalization of the Tumor Microenvironment	On Demand	1.5	
Major Symposium	Matrix, Exosomes, and TME Cells in the Metastatic Niche	On Demand	1.5	

*All times Eastern. Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*

Major Symposium	The Microbiome in Cancer Therapy: Hype or Hope?	On Demand	1.5	
Major Symposium	AACR-Bayard D. Clarkson Symposium on Stem Cells, Leukemia, and the Niche	On Demand	1.5	
Major Symposium	AACR-JCA Joint Session: Tracking Tumor Evolutionary Dynamics— From Initiation through Metastasis	On Demand	1.5	
Major Symposium	Dharma Master Jiantai Symposium in Targeted Therapy: New Combinations of Targeted Therapies and Immunotherapies	On Demand	1.75	
Major Symposium	Implications of Clonal Hematopoiesis in Human Health	On Demand	1.5	
Major Symposium	AACR-CSCO Joint Symposium: Single-Cell Analysis— Changing the Landscape of Cancer Research	On Demand	1.5	
Major Symposium	Innovative Molecular Approaches and Models to Advance Precision Health Equity	On Demand	0.75	

*All times Eastern. Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*

**CME Sessions: Saturday, April 10, 2021**

<b>Session Type</b>	<b>Session Title</b>	<b>“Live” Start Time</b>	<b>“Live” End Time</b>	<b>Approved Credits</b>	<b>Credits Claimed</b>
Plenary Session	Discovery Science Plenary: Mechanisms, Impact, and Exploitation of Cancer Chromosomal Instability— Dedicated to the Memory of Angelika Amon	9:30	11:30	2	
Clinical Trials Plenary Session	Phase III Clinical Trials: Dedicated to the Memory of José Baselga	11:30	13:30	2	
Minisymposium	Overcoming Resistance in the Tumor Microenvironment: Novel Immunomodulatory Agents	13:30	15:30	1.5	
Minisymposium	Multiomics and Single Cell Deconvolution of Cancer: From Discovery to Patient Stratification and Treatment	13:30	15:30	2	
Minisymposium	Drug Tolerance and Resistance to Targeted Therapies	13:30	15:30	2	
Minisymposium	Biomarkers	13:30	15:30	1.25	
Late-Breaking Minisymposium	Late-Breaking Minisymposium 1	13:30	15:30	1.75	
Clinical Trials Minisymposium	Early Clinical Trials with New Anticancer Agents	13:30	15:30	2	
Clinical Trials Plenary Session	Immuno-oncology and Cell Therapy Trials	15:30	17:50	2.25	
Minisymposium	Redefining the Tumor Microenvironmental Vulnerability with Single Cell Technologies	16:00	17:45	2	
Minisymposium	Integrative Data Analysis and Systems Modeling	16:00	17:45	2	
Minisymposium	Therapeutic Mechanisms of Novel Anticancer Agents	16:00	17:45	2	
Special Session	NextGen Stars Spotlight Session: Genetics and Epigenetics	16:00	17:45	1.75	
Minisymposium	Identifying Disparities and Underserved Populations to Influence Personalized Medicine	16:00	18:00	2	
Minisymposium	Cell Growth Signaling Pathways	16:00	18:00	2	

*All times Eastern. Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*

**CME Sessions: Sunday, April 11, 2021**

Session Type	Session Title	“Live” Start Time	“Live” End Time	Approved Credits	Credits Claimed
Plenary Session	Opening Plenary Session: Discovery Science Driving Clinical Breakthroughs	10:15	12:45	2.5	
Awards and Lectures	NCI Director's Address	12:45	13:30	0.75	
Minisymposium	Developing and Applying Preclinical Cancer Models	14:00	15:45	2	
Minisymposium	New Therapeutics Targeting Molecular Drivers in Cancer	14:00	15:45	1.75	
Special Session	NextGen Stars Spotlight Session: Tumor Microenvironment, Metastasis, and Oncogenesis	14:00	15:45	1.75	
Clinical Trials Plenary Session	Targeted Therapy and Ovarian Cancer Trials	14:00	15:45	1.75	
Clinical Trials Minisymposium	Molecular Targeted Agents in the Clinic	14:00	16:00	2	
Minisymposium	Mapping the Cellular and Molecular Cues That Control Therapeutic Antitumor Immunity	14:00	16:00	2	
Minisymposium	Cancer Proteomics and Screening Technologies	14:00	16:00	2	
Minisymposium	Metabolic Pathways in Cancer	14:00	16:00	2	
Clinical Trials Minisymposium	Clinical Trials with Novel Immuno-oncology Strategies	16:00	17:45	1.25	
Forum	The Myths and Realities of the Abскоп Effects	16:30	18:00	1.5	
Forum	CAR T-Cell Therapy or T-Cell Engager?	16:30	18:00	1.5	
Forum	Biostatistics Debate: Should Science Be Guided by P Values?	16:30	18:00	1.5	

*All times Eastern. Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*

**CME Sessions: Monday, April 12, 2021**

<b>Session Type</b>	<b>Session Title</b>	<b>“Live” Start Time</b>	<b>“Live” End Time</b>	<b>Approved Credits</b>	<b>Credits Claimed</b>
Panel Discussion: Special Session	Panel-- AACR-ONS Special Session: Symptom Science	10:00	10:30	0.5	
Panel Discussion: Major Symposium	Panel-- Phase Separation, Transcription, and Cancer	10:00	10:30	0.5	
Panel Discussion: Major Symposium	Panel-- AACR-CSCO Joint Symposium: Single-Cell Analysis— Changing the Landscape of Cancer Research	10:00	10:30	0.5	
Panel Discussion: Major Symposium	Panel-- AACR-Bayard D. Clarkson Symposium on Stem Cells, Leukemia, and the Niche	10:00	10:30	0.5	
Panel Discussion: Advances in Organ Site Research	Panel-- Emerging Concepts in Liver Cancer Research	10:00	10:30	0.5	
Panel Discussion: Advances in Diagnostics and Therapeutics	Panel-- DNA Damage Response (DDR) Treatment: Evolving Diagnostic Approaches, Understanding of Replication Stress, and Resistance Mechanisms to DDR Targeting Therapies	10:00	10:30	0.5	
Plenary Session	Probing the Dynamic Tumor-Host Ecosystem for Therapeutic Insights	10:45	12:45	2	
Awards and Lectures	Presidential Address	12:45	13:30	0.75	
Clinical Trials Minisymposium	Disease-Oriented Innovative Clinical Research and Trials	13:30	15:15	1.75	
Minisymposium	Adoptive Cell Therapies: Targeting Solid Tumors	13:30	15:30	1.5	
Minisymposium	Advancing Cancer Research Through An International Cancer Registry: AACR Project GENIE Use Cases	13:30	15:30	1.75	
Minisymposium	Identifying the Puppet Master Cells That Orchestrate Tumor Microenvironmental Players	13:30	15:30	2	
Minisymposium	Cancer Prevention and Detection: Moving from Discovery to Action	13:30	15:30	1.5	
Late-Breaking Minisymposium	Late-Breaking Minisymposium 2	13:30	15:30	2	
Special Session	NextGen Stars Spotlight Session: Immunology and Targeted Therapy	13:30	15:30	2	

*All times Eastern. Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*

Forum	Microbiome Pandemonium: Checkpoints and the Microbiome	16:00	17:30	1.25	
Forum	Are Antitumor T Cells Exhausted or Dysfunctional? Does It Matter?	16:00	17:30	1	
Forum	Data Science and Machine Learning: Will They Revolutionize Cancer Cure and Research?	16:00	17:30	1.5	

*All times Eastern. Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*

**CME Sessions: Tuesday, April 13, 2021**

<b>Session Type</b>	<b>Session Title</b>	<b>“Live” Start Time</b>	<b>“Live” End Time</b>	<b>Approved Credits</b>	<b>Credits Claimed</b>
Panel Discussion: Major Symposium	Panel-- Molecular Imaging	10:00	10:30	0.5	
Panel Discussion: Major Symposium	Panel-- Cell-Surface Receptors in Immuno-Oncology: Discovery, Analysis, and Modulation	10:00	10:30	0.5	
Panel Discussion: Major Symposium	Panel-- AACR-JCA Joint Session: Tracking Tumor Evolutionary Dynamics— From Initiation through Metastasis	10:00	10:30	0.5	
Panel Discussion: Advances in Science of Cancer Health Disparities	Panel-- Carcinogenic Exposures and Global Cancer Prevention	10:00	10:30	0.5	
Panel Discussion: Advances in Organ Site Research	Panel-- Targeting Signaling Pathways in Colorectal Cancer	10:00	10:30	0.5	
Plenary Session	Cancer Biology and the Changing Therapeutic Landscape	10:45	12:45	2	
Panel Discussion: Major Symposium	Panel-- Next Frontiers in Adjuvant Therapy	13:30	14:00	0.5	
Panel Discussion: Major Symposium	Panel-- Engineering and Modulating Natural Killer (NK) Cells for Cancer Immunotherapy	13:30	14:00	0.5	
Panel Discussion: Advances in Science of Cancer Health Disparities	Panel-- Pan-cancer Distinctions in Tumor Biology across Ethnicity and Genetic Ancestry	13:30	14:00	0.5	
Panel Discussion: Advances in Organ Site Research	Panel-- Advances in Endometrial Cancer	13:30	14:00	0.5	
Panel Discussion: Advances in Diagnostics and Therapeutics	Panel-- Computational Methods for Immunogenomics and Precision Oncology	13:30	14:00	0.5	
Panel Discussion: Special Session	Panel-- Issues Important to Tobacco Control	13:30	14:00	0.5	
Panel Discussion: Special Session	Panel-- AACR-ASCO Joint Session: Targets in the Treatment of Renal Cell Cancer	14:30	15:00	0.5	
Panel Discussion: Major Symposium	Panel-- Progress from Personalized Cancer Vaccine Trials	14:30	15:00	0.5	

*All times Eastern. Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*

Panel Discussion: Major Symposium	Panel-- T Cells in Cancer	14:30	15:00	0.5	
Panel Discussion: Advances in Diagnostics and Therapeutics	Panel-- Diagnostic Tests for Immunotherapy: Current CLIA Lab Testing and Future Directions	14:30	15:00	0.5	
Panel Discussion: Major Symposium	Panel-- The Clinical Proteomic Tumor Analysis Consortium: Building a Proteogenomic Atlas of Cancer	15:30	16:00	0.5	
Panel Discussion: Major Symposium	Panel-- When Is Transforming Growth Factor Beta Targetable?	15:30	16:00	0.5	
Panel Discussion: Major Symposium	Panel-- Towards Engineering of Neoantigen-Specific T-Cell Therapies	15:30	16:00	0.5	
Panel Discussion: Major Symposium	Panel-- Diet, Clock, and Cancer	15:30	16:00	0.5	
Panel Discussion: Advances in Science of Cancer Health Disparities	Panel-- Precision Medicine in Underserved Populations	15:30	16:00	0.5	
Panel Discussion: Advances in Organ Site Research	Panel-- Pathways to Early Detection of Pancreatic Cancer	15:30	16:00	0.5	
Panel Discussion: Advances in Diagnostics and Therapeutics	Panel-- Noninvasive Monitoring of Minimal Residual Disease with Liquid Biopsies: Towards Real-Time Treatment Decision Making	15:30	16:00	0.5	
Forum	Patient-Derived Models for Cancer	16:30	18:00	1.5	
Forum	What Is the Role for Oncolytic Viruses in Cancer Treatment?	16:30	18:00	1.5	

*All times Eastern. Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*

**CME Sessions: Wednesday, April 14, 2021**

<b>Session Type</b>	<b>Session Title</b>	<b>“Live” Start Time</b>	<b>“Live” End Time</b>	<b>Approved Credits</b>	<b>Credits Claimed</b>
Panel Discussion: Major Symposium	Panel-- Matrix, Exosomes, and TME Cells in the Metastatic Niche	10:00	10:30	0.5	
Panel Discussion: Major Symposium	Panel-- The Microbiome in Cancer Therapy: Hype or Hope?	10:00	10:30	0.5	
Panel: Advances: Prevention, Detection, Interception	Panel-- Molecular Targets of Precision Prevention and Interception	10:00	10:30	0.5	
Panel Discussion: Advances in Organ Site Research	Panel-- Developing More Effective Treatments for Triple-Negative Breast Cancer	10:00	10:30	0.5	
Panel Discussion: Advances in Diagnostics and Therapeutics	Panel-- Dharma Master Jiantai Advances in Lung Cancer Session: Understanding and Overcoming Resistance to Third-Generation EGFR and ALK Inhibitors	10:00	10:30	0.5	
Plenary Session	Leveraging the Immune System in the War on Cancer	10:45	12:45	2	
Panel Discussion: Major Symposium	Panel-- Artificial Intelligence in Cancer Imaging	13:30	14:00	0.5	
Panel Discussion: Major Symposium	Panel-- Familial Predisposition: Precision Medicine and Targeted Therapy	13:30	14:00	0.5	
Panel Discussion: Major Symposium	Panel-- The Tumor Microbiome and Its Role in Oncogenesis and Modulating Therapy Response	13:30	14:00	0.5	
Panel: Advances: Prevention, Detection, Interception	Panel-- Radiation-Induced Cancers: Risks and Strategies to Minimize	13:30	14:00	0.5	
Panel Discussion: Advances in Organ Site Research	Panel-- Diffuse Large B-Cell Lymphoma	13:30	14:00	0.5	
Panel Discussion: Major Symposium	Panel-- From 'Omics Data to Prognostic and Predictive Biomarkers	14:30	15:00	0.5	
Panel Discussion: Major Symposium	Panel-- New Approaches to Chimeric Antigen Receptor Engineering	14:30	15:00	0.5	
Panel Discussion: Major Symposium	Panel-- Alternative DNA Repair Pathways and Their Drug Targets	14:30	15:00	0.5	

*All times Eastern. Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*

Panel: Advances: Prevention, Detection, Interception	Panel-- Connecting the Tumor Microenvironment with the Macroenvironment in Cancer Cachexia	14:30	15:00	0.5	
Panel Discussion: Major Symposium	Panel-- Artificial Intelligence/Machine Learning in Cancer Research and Care: Progress and Challenges	15:30	16:00	0.5	
Panel Discussion: Major Symposium	Panel-- Drugging KRAS	15:30	16:00	0.5	
Panel Discussion: Major Symposium	Panel-- Germline Influence on Immunotherapy Outcomes	15:30	16:00	0.5	
Panel: Advances: Prevention, Detection, Interception	Panel-- Interception of Preneoplasia	15:30	16:00	0.5	
Panel Discussion: Advances in Organ Site Research	Panel-- Next-Generation Treatments for Melanoma: Building on Success	15:30	16:00	0.5	
Panel Discussion: Advances in Diagnostics and Therapeutics	Panel-- Targeting Transcriptional Cyclin-Dependent Kinases in Cancer	15:30	16:00	0.5	
Panel Discussion: Major Symposium	Panel-- Innovative Molecular Approaches and Models to Advance Precision Health Equity	15:30	16:00	0.5	
Forum	Cancer Cell Dormancy: The Current Paradigm and the Challenges Ahead to Develop New Therapies	16:30	18:00	1.5	
Forum	Are There Cancer Stem Cells?	16:30	18:00	1.5	
Forum	Building Vaccine Confidence: Best Practices to Combat Misinformation and Vaccine Hesitancy in COVID-19 Vaccines	16:30	18:00	1.5	

*All times Eastern. Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*

**CME Sessions: Thursday, April 15, 2021**

<b>Session Type</b>	<b>Session Title</b>	<b>“Live” Start Time</b>	<b>“Live” End Time</b>	<b>Approved Credits</b>	<b>Credits Claimed</b>
Panel Discussion: Major Symposium	Panel-- Advances in Cancer Nanotechnology	10:00	10:30	0.5	
Panel Discussion: Major Symposium	Panel-- Tumor Hypoxia and Genetic Instability: New Mechanisms and New Targets	10:00	10:30	0.5	
Panel Discussion: Major Symposium	Panel-- Modeling Metastatic Progression in the Mouse	10:00	10:30	0.5	
Panel Discussion: Major Symposium	Panel-- Dharma Master Jiantai Symposium in Targeted Therapy: New Combinations of Targeted Therapies and Immunotherapies	10:00	10:30	0.5	
Panel Discussion: Advances in Diagnostics and Therapeutics	Panel-- Proton Therapy and FLASH Irradiation	10:00	10:30	0.5	
Panel Discussion: Major Symposium	Panel-- Options and Opportunities for Treating Metastasis	11:30	12:00	0.5	
Panel Discussion: Major Symposium	Panel-- Paracrine Signaling in Cancer	11:30	12:00	0.5	
Panel Discussion: Major Symposium	Panel-- Cancer Immunometabolism	11:30	12:00	0.5	
Panel Discussion: Major Symposium	Panel-- The Cancer Dependency Map	11:30	12:00	0.5	
Panel Discussion: Major Symposium	Panel-- Functional Precision Medicine in Cancer	11:30	12:00	0.5	
Panel Discussion: Advances in Organ Site Research	Panel-- Advances in Sarcoma Therapy	11:30	12:00	0.5	
Panel Discussion: Advances in Diagnostics and Therapeutics	Panel-- Translational Canine Models Advancing Immunotherapy and Immunogenomics	11:30	12:00	0.5	
Panel Discussion: Major Symposium	Panel-- Developing Rational Combinations of Targeted Drugs	12:30	13:00	0.5	
Panel Discussion: Major Symposium	Panel-- Neoadjuvant Immunotherapy for Melanoma and Other Cancers	12:30	13:00	0.5	
Panel Discussion: Major Symposium	Panel-- Metabolism and Chromatin Deregulation in Cancer and Cancer Heterogeneity	12:30	13:00	0.5	

*All times Eastern. Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*

Panel Discussion: Advances in Organ Site Research	Panel-- Therapeutic Vulnerabilities and Resistance Mechanisms in Estrogen Receptor-Positive Breast Cancer	12:30	13:00	0.5	
Panel Discussion: Advances in Organ Site Research	Panel-- Solid Tumor Brain Metastasis	12:30	13:00	0.5	
Panel Discussion: Advances in Diagnostics and Therapeutics	Panel-- Management of Toxicity of Immune Cell Therapy	12:30	13:00	0.5	
Panel Discussion: Major Symposium	Panel-- Dharma Master Jiantai Symposium in Biomarkers: Mechanisms and Biomarkers of Response and Resistance to Immune Therapy	13:30	14:00	0.5	
Panel Discussion: Major Symposium	Panel-- Improving Therapy through Normalization of the Tumor Microenvironment	13:30	14:00	0.5	
Panel Discussion: Major Symposium	Panel-- Implications of Clonal Hematopoiesis in Human Health	13:30	14:00	0.5	
Panel: Advances: Prevention, Detection, Interception	Panel-- Panel on Rural Cancer Control	13:30	14:00	0.5	
Panel Discussion: Advances in Organ Site Research	Panel-- Therapeutic Advances in Biliary Tract Cancers	13:30	14:00	0.5	

*All times Eastern. Credit approved for individual sessions may vary, dependent upon compliance with the ACCME Accreditation Criteria. The final number of credits may vary from the maximum number indicated above.*
